

Donor Commitments for Gaza Reconstruction and Recovery

Prepared by Free Gaza Movement on July 12, 2009

"Palestinians in Gaza are being 'starved to death,' receiving fewer calories a day than people in the poorest parts of Africa. It's an atrocity what is being perpetrated as punishment on the people in Gaza. It's a crime... an abomination that this continues to go on. Tragically, the international community largely ignores the cries for help, while the citizens of Gaza are treated more like animals than human beings."

--former U.S. President Jimmy Carter
